## **LOCAL MOM HELPS FAMILIES RELOCATE**

When **DARLENE AGAG** found moving her family from New York City to Bergen County a little challenging, she realized there was a need for a specialized service that could advise relocating families on how to find the right town, school systems, places of worship, local activities and more. So, she founded **SUBURBAN SETTLERS**, which provides a personalized plan, unique to each individual and family, that shares the best shops, eateries, doctors, day care centers, local handy-men, and even tips to navigating New Jersey's highways and public transit systems. "Our goal is to get to know the individual or family, learn about their lifestyle and help them feel at home sooner," Agag says. "We are here to help our clients and support them throughout their move and for the months following so that they don't feel alone, and they know that they have someone to lean on." • (201) 632-3991, [suburbansettlers.com](http://suburbansettlers.com)
